SSH Authorization form for shared web hosting clients of Webhost.uk.net

Overview: In order to receive jailed SSH access on a WEBHOST.UK.NET web server, we require to have a copy of your identification on file.

This may be in the form of driver's license, passport or state issued ID.

By signing this form you agree that you are responsible for any server issues caused by your actions. We may revoke SSH access at anytime. When you are done with this form, please print, scan and attach it to your ticket request, or you may fax it to the number above. The request will not be granted unless all information is provided.
